ficial who expects to manage the Buffalo track this year, was in town yesterday and again denied that L. A. Cella was in any way connected with the venture. Murphy adsitted that he was on friendly terms with ella and that at one time he made a propesition to the latter to take hold of a certain tract. But that was all, he said. Murphy made no mention of Sam Lazarus, the St. Louis man, who is said to be behind him in an effort to purchase the Kenilworth track. The Jockey Club, it may be said, is still making a careful investigation, with the idea of keeping the track out of the hands of the Western element in turf affairs. As John Boden, who managed the Buffalo meeting ast year and showed a profit, is still at liberty to assume his old duties, horsemen in general are rather anxious to know why it is planned to allow Murphy to succeed him.

It is said that the wire tappers who swindled many Western poolrooms by holding back the victory of the horse Nine at Hot Springs on Monday tampered with the wires just outade of the Oaklawn track. Some of the froms have declined to pay bets made on Nine except to known patrons. In other cases the usual amount of the wager has been a windle was probably pulled off by experienced men. The plan appears to have been to cripple the entire "run" by placing a small piece of wire across all the wires, thus causing general mix after which one wire was cleared at a time and "felt" of until the strands carrying the races were located and marked. | points Two sets of instruments were probably used on the tapped wire, enabling the operators to relay the desired result at their own con-

Local followers of boxing were well pleased with the news yesterday that the Frawley bill legalizing amateur boxing bouts in New York State had been passed by the Senate at Albany. The measure now goes to the Assembly, where favorable action is also looked for is thought that Gov. Hughes will sign the bill as soon as it reaches him, in which event there will be a boom in the sport, which has been dead here ever since the repeal of the Senator Frawley's bill calls for four round bouts with eight ounce gloves under the rules of the A. A. U. If it becomes s law it will be possible to hold the approal oxing championships of the A. A. U. in city, probably in the Madison Square Garden. President James E. Sullivan of the A. A. U. said yesterday that his organization would see to it that all clubs intending to give shows would live up to the rules and the provisions of the law.

The Bear, a horse that was sold for \$50 last year, won the feature event at Hot Springs yesterday at odds on. Savable, by the way, won a fine race at a mile there on Wednesday.

John L. Sullivan, who is appearing at a Brooklyn theatre this week, says that his sparring partner, Kid Cutler, will soon be after some of the heavyweights. Cutler is only 22 years old, but stands 6 feet 1 inch in his stockings, and tips the beam at 206 pounds He is quick on his feet and has a solid punch in either hand. John has been teaching him much about the game in the last year or so.

Connie Mack, the manager of the Philadelphia Americans, has decided to drop Jack Knight, the Quaker City schoolboy who played some good ball with the team last year. Knight has signed to play third base for the New Orleans team of the Southern league. As Mack has already turned Jimmy Burke back to Kansas City, he is finding it a difficult matter to replace Lave Cross at the hird corner. At present two youngsters, Sicholls and Shean, are trying for the position, but neither so far has shown much.

Catcher Lou Criger has reported to the Boston Americans at Little Rock and is in splendid condition. He is throwing to bases with all of his former skill and his backstopping is perfect. Manager Stahl says that Criger's return to form means that the Boston team will be at least 25 per cent. s ronger than last year. Collins too playing a great game just now, but he has aken no chances as yet in running bases. President John I. Taylor, who is with the players, feels confident that they will be

dangerous factors in the championship race. A wail of hard luck has already been heard at the training camp of the Cincinnatis in Texas. Manager Hanlon has a hospital list sea long as his arm. Haas, a catcher, is in bed with tonsilitis: Schlei, the star backstop, has malaria and stomach trouble: Larry McLean, another catcher, is laid up with malarial fever: Odwell has a sprained wrist canzel is suffering from a laine ankle, and Zimmerman has the asthma. Yet the Cincinnati fans are still in receipt of the doubtful information that the Hanlon team will win the pennant to a moral certainty.

Be'let Prevalent That Dr. Butler Will

Relent When He Returns. Football at Columbia next year has passed from a possibility into a probability, if the words of one of the members of the committee that is trying to obtain its restoration are to accepted. This man said yesterday that he had every reason to believe that when Dr. Butler took action on the plea of the com-mittee, which is to be presented to him immediately after his reutrn from his honeymoon in California, it would be favorable. According to this man, the committee may not succeed in getting intercollegiate football at once, but it will show Dr. Butler that footbay is such a good thing that he will restore the interclass game at least. This man said that he had had several conversations with Dr. he had had several conversations with Dr.

One rumor that was current on the campus

YALE CANCELS FIRST GAME. Baseball Team May Have to Go on Easter

Trip Without Outdoor Practice. New Haven, March 21.-Yale to-night eancelled the first scheduled baseball game of the season, that with New York University, which was to be held here on March 23, owing to the bad condition of Yale Field. Every effort was made to prepare the diamond.

effort was made to prepare the diamond, but drenching rains and frost working out of the ground made a game impossible. This will make it necessary for the Eli team to go on its Easter trip without the experience of even one match game.

It is possible that it may be necessary to start upon the Southern trip without any outdoor practice whatever, for the team leaves New Haven next Wednesday afternoon. As Yale's cage facilities are very meagre they will be sadly handicapped when playing nines which have already had considerable practice. The first game of the Easter trip is scheduled with Annapolis on March 28.

MONEY NEEDED FOR NAVY CREW

Appearance of Midshipmen on the Hudson Depends Largely on Finance.

ANNAPOLIS, Md., March 21.-The project of sending a Naval Academy crew to the Hudson regatta on June 26 has come to be largely conditional upon the financial side of the matter as it has been found that the circumstances are such that there will be little interference with the outing of the midshipmen on account with the outing of the midshipmen on account of the trip. As the matter of a sufficient fund to cover the expenses of the crew has not been settled, the subject has not been broached officially, but there is such general approval of the entrance of a crew that it is believed that permission could be obtained.

It has been ascertained that the majority of the members of the crew will be at liberty on the date of the race and for over two weeks previous to it. This is so because three of the members of the first crew belong to the first class and will have graduated, while several others belong to the present third class.

Handicap Goes to St. Valentine. Who Finished Second-Morales Canters Home in Front-Boosters Busy in Selling Races -- Montgomery's Berby Trial.

NEW ORLEANS, March 21.-The racing this afternoon was of a better class than has been offered before this week. The handicap at seven furlongs resulted in Juggler, the 9 to 10 favorite, being disqualified for fouling Lady Esther. The setting back of the favorite did not appeal to the spectators, for they hissed the judges. Juggler was running in second place throughout, while Fancy Dress made the pace. The field were well bunched after getting inside the last furlong pole, where Nicol pulled Juggler over and knocked Lady Esther to her knees. Juggler proved the winner by a half length from St. Valentine. Juggler was consequently set back and the race given to St. Valentine, with Pasadens and Lady Esther being placed second and

There was much interest to the selling and claiming clause in selling races to-day. J. N. McCormick sold Grenade to S. Evans, in whose interest the horse ran, but finished second. After Grenada beat Grenade Mc-Cormick boosted the winner \$800 over entered price, but the horse was retained by

The race was hardly more than an exercise gallop for Morales. Bonart and Gargantua finished second and third.

Lacy Crawford, 3 to 2 favorite, won the mile and, a half selling affair rather easily from a poor lot.

Montgomery, owned by Chinn & Forsythe, and one of the most talked about candidates for the Crescent City Derby, which will be run here on Saturday, arrived at the Fair Grounds this morning from Memphis, where he has been wintering. It looked as if Montgomery would be sold to Burlew & O'Neill this afternoon for \$12,000, but after the colt worked a mile and a furlong, the Derby route, Burlew withdrew his offer. LACROSSE PLAYERS OUT. Twenty Candidates for Team Begin Practice at Columbia.

Practice for the Columbia lacrosse team began yesterday afternoon when twenty men reported for work under the leadership of C. M. McKinlay, '07, who has just been elected captain. McKinlay was elected to succeed G. M. Richards, '07, who resigned because of the pressure of academic work. McKinlay has played on the team for two years and is a fast player both on offensive

Besides McKinlay the other men who are ack are Lisman, Renner, Saequi, Hoyns, Aigletinger and Lage, but whether all these Hoyns, who was one of the best players on last year's team, is doing such good work on the track that he will be kept at that and probably will not have time for lacrosse. Aigletinger, who proved himself a good defensive player last year, is rowing and consequently not available. R. A. Adams, last year's captain, is back in college but is not eligible for the team. Some good material from last year's freshmen team should help strengthen this year's varsity. The team has better facilities for practice than it has ever had before. Heretofore the team has been able to practice on South Field only when the baseball team was not at work, but since last season the west side of the field has been levelled so as to make a level space almost as large as the baseball diamond. This side of the field will be used entirely by the lacrosse men. Adams of last year's team will act as coach. The schedule has not yet been completed. It will include games with Stevens Institute, the College of the City of New York, Harvard, Cornell, Pennsylvania, Lehigh and the Crescent Athletic Club. probably will not have time for lacrosse.

Opens Thirteenth Game by Offer ing Queen's Gambit.

MEMPHIS, March 21.-Previous to the beginning of the thirteenth game of the world's Business Men's Club in this city to-day, the layers, Dr. Emanuel Lasker and Frank J. Marshall, agreed to submit their dispute respecting the stop watches used in twelfth game to R. B. Jefferson, the referee Mr. Jefferson decided against Marshall and awarded the game to Lasker. The referee gave this decision on the ground that no formal protest was filed by Marshall until after the first adjournment of the game. whereas the disadvantage in position occurred prior to the adjournment. It was conceded that Marshall was considerably disturbed by mistakes in keeping time, but he ought to have lodged a protest much

disturbed by mistakes in keeping time, but he ought to have lodged a protest much earlier in the game.

As has been his wont in every game, that he had first move, Marshall once more offered the queen's gambit, and for the first time Dr. Lasker varied from the accepted line of play by adopting the defence of 2 Kt—QB3, which has been much practised by the Russian master Tschigorin. The chief result was to bring the black queen out into the middle of the board at an early stage, and in due course Lasker was enabled to free his position materially by the advance of the king's pawn on the sixth move.

Both players developed rapidly and the first exchange of pieces occurred on the eleventh move. Lasker had castled on the king's side and Marshall followed suit two moves later. The champion then brought his queen over to the king's side of the board, a manœuve, however, which cost him a comple of moves with that important piece, while Marshall was able to gain some time for the development of his kinght. On the fifteenth move Lasker challenged the exchange of queens, but Marshall evaded this by interposing his bishop and bringing that piece into an attacking position.

Marshall had initiated a threatening demonstration with his two knights, which required the most careful defensive tactics on the part of the champion, when the first adjournment was taken after nineteen moves had been recorded on the score sheet.

On the resumption of play the spectators were treated to an exhibition of lightning chess on the part of Marshall that has never been equalled in a game of this importance. The challenger had, according to his clock, but I minute and 4's seconds wherein to make the eleven moves necessary to complete his first thirty moves within the two hours required by the regulations. As a matter of fact Marshall after making his sealed move accomplished the astonishing record of ten moves in sixty-one seconds. move accomplished the astonishing record of ten moves in sixty-one seconds.

This was the more remarkable in that the position was highly critical and the wonder was that Marshall did not compromise his game beyond redemption. As it was, Dr. Lasker, although forced to lose additional moves with his dueen, managed to simplify the position to such an extent that finally, after the thirty moves had been made, he had slightly the superior position. Nevertheless Marshall's chances for drawing were very

Passerallo, a Princetonian, had little trouble in nailing Cellaro of Yale to the mat. Dole of New Haven worked a long time at Capt. Howell of Princeton, but finally landed on top. Star Plays in the Sixth Result in Discom fiture of Atlanta Team -Hot Work for Brooklyns at Jacksonville-Regulars Beat Aragons in Summer Weathers

ATLANTA, March 21 .- In the game with Atlanta to-day, in which they again proved victors by the score of 9 to 3, the New York Americans played in something like championship form. They were a bit slow in getting started, but when they got going they gave as pretty an exhibition, and they can do some when in form, as has been seen in many a day. It was in the sixth inning when the put into execution several of their star plays and the fans certainly got their money

Brackett, who relieved Castleton in the ox, was the first at bat and the ex-Bison tore off a beauty to deep centre for three bases. Hoffman followed with a single to centre and

Hoffman followed with a single to centre and Brackett scored. Then as Hoffman started to steal Keeler planted a safe one to left, Keeler and Conroy also worked the hit and run, Conroy's drive going to right, scoring Hoffman. Moriarity advanced Keeler to third on his out at first.

At this stage Griffith himself got into the game, batting for Kleinow, the signal for the aqueeze play was given, and as the home twirler wound up to pitch wee Willie started for the plate. Griffith dropped a bunt which Parks of the locals tossed to O'Leary, but Keeler had long since been over the rubber and the visitors' manager was safe at first.

Conroy scored on a wild pitch. It was great work, and ended the New Yorks run getting for the day, as they were then nine runs to the good, having tallied four in the third and one in the fourth. The score:

HOT WORK FOR BROOKLYNS. Regulars and Aragons Play to Summer Weather at Jacksonville.

NVILLE. Fla. March 21 thermometer registering close to the 90 mark here to-day the Brooklyn players had a grand opportunity to dispose of large quantities of their surplus tissue. So warm was the weather that nearly all of the players discarded some of their fraining garments and dressed pretty much as they do during the champion-ship season. Manager Donovan is taking advantage of this continued hot weather, but so excessive was the heat to-day that he called a halt on a few of the men who he thought were overdoing their training. Mal Eason is developing into quite a high

class first baseman since he was elected cap-tain of the second team. This afternoon he sent his Aragons after the Regulars, headed by Capt. Casey, in an endeavor to get even for two games lost by his team. As in the previous games, the Aragons held the Regulars for the first few innings, but were finally lars for the first few innings, but were finally nosed out by one run, in the fifth inning.

Of the three runs scored by the Regulars Capt. Casey scored one and the fleet footed Maloney gathered in the other two, the latter scoring the winning tally by nice baserunning. Batch, who took Jack McCarthy's place for the Regulars in left field, carried off the batting honors, making three of his teams' six hits. Ritter's slight trouble with his left eye does not interefere with his battling. To-day he made a nice two bagger. Phil Reardon, the Brooklyn youngster, after making a long three bagger in the fifth inning, was left at the third station, the next batter being an easy out.

the third station, the next batter being an easy out.

Harry Lumley and Pitcher McIntyre consulted an osteopath here to-day for slight lameness. Neither player participated in the afternoon game, while both indulged in light practice at the morning session. To-morrow Manager Donovan's team will meet the Jacksonville club in the third exhibition game this week. Rucker for the Regulars, and Stricklett for the Aragons, worked nicely to-day. Manager Donovan expects great things from Rucker this season.

TIGERS ROMP ON DIAMOND. Princeton Baseball Team Gets Its First Outdoor Practice.

PRINCETON, N. J., March 21 .- It looked as spring had really come along to-day when the Tiger ball players romped out doors for the first time this season. The ground was wet and spongy, but the field was not bad enough to stop a lot of good work.

Although Capt, Cooney failed to put in ar appearance there was plenty of zest to the play for Coach Doyle is always on the job. The twirlers all had a chance to loosen up. Heyninger let himself out a little now and then and Carey, a new man, showed good form. Lew Doyle stood behind the plate and whipped the ball down to second like a shot. The infielders were Vaughn, Sikes, Myers, E. Dillon, Wister, Hamill, Cochran, Murray, McLean, all being used at various times effectively. In the outer gardens were Harian in left and Newcomb at centre. Both look like fixtures, but right field is still open. From now on Princeton will keep away from the cage as long as the weather allows. The Tigers took many hard whacks at the ball to-day, which is essential. The more they are outdoors the better chances they will have for starting the season successfully. The first game comes next Tuesday when the Orange and Black will cross bats with William and Mary at Norfolk. play for Coach Doyle is always on the job.

Harvard Nine Practises on Soldiers Field. CAMBRIDGE, March 21. - The Harvard baseall team was able to practise outdoors on Soldiers Field this afternoon for the first time this year. Walter Fitz, the old Harvard pitcher, has been out for several days watching the work and expressed himself as more than pleased with the way in which the squad was being handled this year.
